Dear Editor

This is a picture of me and my sister in our garden at home. Our pets are two dogs, some birds, a fish and a rabbit. I have been reading TV Comic for ten months now, and my favourite characters are Basil Brush and Tom and Jerry.

Sarah Wilson, Kidderminster.

Dear Editor

One day while the family was sitting in the lounge my father said to my little brother, "I know what kind of tree that is outside. It's a Dogwood tree." My brother asked him how he could tell. "Because of the bark," he replied!

Nadine Smedley, Boughton, Newark.

I think your dad was pulling your twig!!!

Here is a limerick I wrote for Readers' Page:

There was a young fellow called Kelly,
Who couldn't stop watching the telly,
Yet at each sound it made . . .
He would shiver and shake
'Cause he lived on nothing but jelly!

Paul Stephens. Worcs.

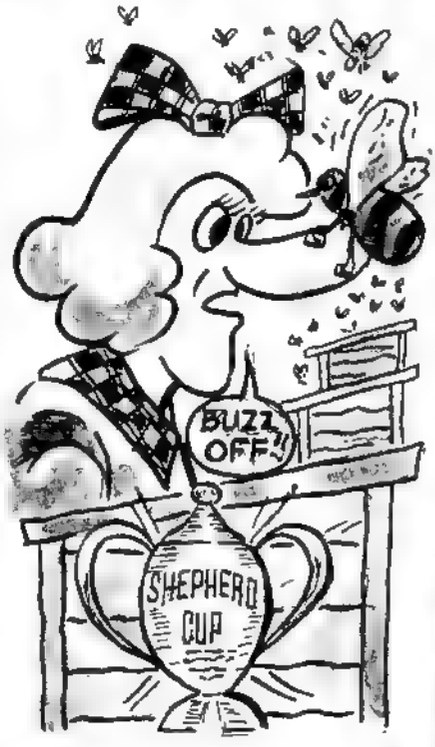
There once was a boy called Paul Stephens,
Who wrote us an ode for these reasons,
The pound that he earned,
To ink and paper he turned,
A poet to be for all seasons

Dear Editor

I have rather unusual pets, and nobody believes I own them until they see them. They are Honey Bees. My father owns the hives and I help him look after them after school and during the holidays. I have won the Shepherd silver cup for obtaining the highest number of points in the honey show. I have also taken my bee-master's certificate which I hope to pass.

Agnes Johnson, Scotland.

We'll have to go a long way to find a hobby as unusual as this one, Agnes. It must keep you pretty bizzzy!?

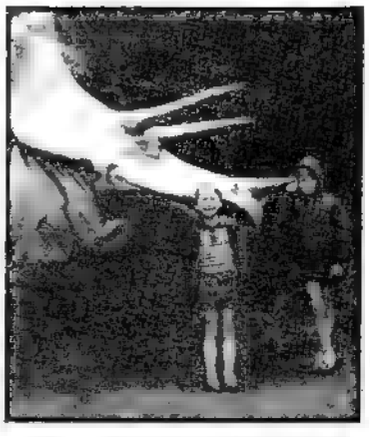


Dear Editor

My name is Michael Bond and I am six years old. Below is a photograph of me and my brother standing next to a model of a prehistoric animal at the Isle of Wight. My favourite stories in TV Comic are Tom and Jerry and Droopy.

Culcheth, Lancs.

He looks like a useful bloke for picking up litter?!!



Readers' Page

Polly Perkins House, Paddington Green, 382-386 Edgware Road, London W2 1EP. £1 for each item published.

Dear Editor

My name is Richard Quantrell and I am seven years old. I have a cat and two guinea-pigs called Bubble and Squeak. I like Popeye best in TV Comic.

St Austell, Cornwall.

Bubble and Squeak? What's wrong with Spinach?

Dear Editor

My name is Stella Welsby. When I was three-years-old my family emigrated to South Africa where we lived for eight years. While I was there my gran sent me TV Comic every week. We returned to England last summer, and I still read TV Comic. I like Basil Brush and Laurel and Hardy best.

St Helens, Lancs.

At least you won't have to wait so long for your TV Comic, Stella.

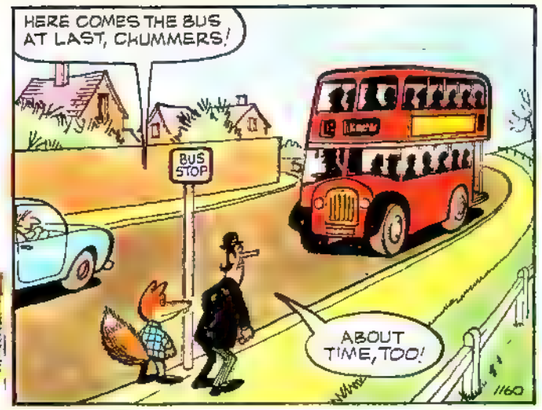
Dear Editor

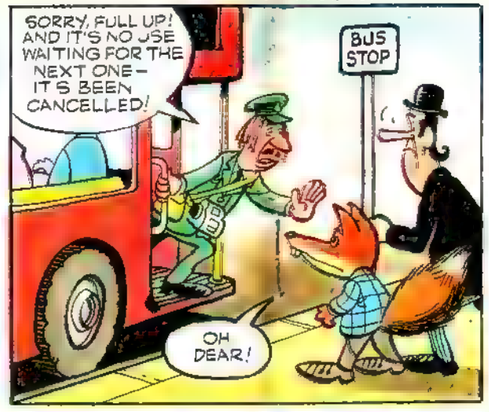
I have been reading TV Comic for three years, and have now completed my third scrapbook of TV Comic jokes. My other hobbies are tennis, swimming and drawing.

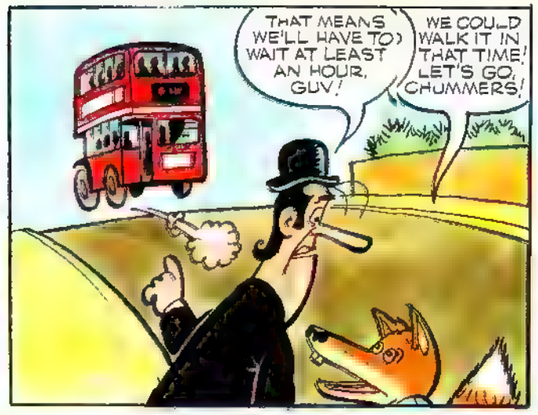
Nicola Duckworth, Woking, Surrey.

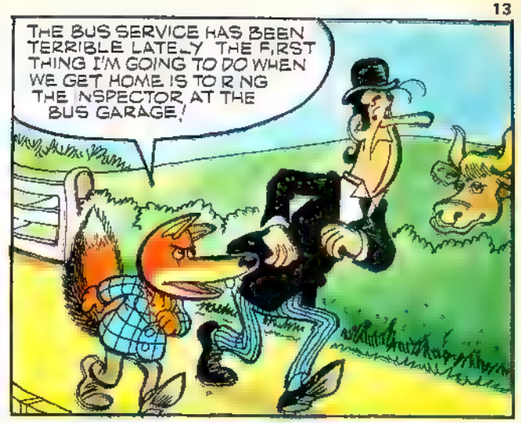
Your enjoyment comes in threes, Nicola!?

BASIL BRUSH









THE BUS SERVICE HAS BEEN TERRIBLE LATELY. THE FIRST THING I'M GOING TO DO WHEN WE GET HOME IS TO RING THE INSPECTOR AT THE BUS GARAGE!

Boppo's Club, Westmorland House, 104 Stokes Croft, Bristol BS99 7QX.

Hello, Girls and Boys,

Well, here we are in the month of March and spring-time is almost with us. Do you like the Spring — I do — I love to see the flowers coming from the bulbs we planted last autumn, and the buds appearing on the trees.

On my country travels I look for the little lambs skipping about the fields and the farmers getting ready to sow their crops. Although we're not all lucky enough to live in the country we can all look out for signs of spring. Why not do a picture to show your parents or teacher some of the things you've noticed.

With my friends I have been working secretly on our own special Boppo Club Code. I cannot publish it here, of course, because if I do everyone would know about it and it wouldn't be a secret any longer. What I want you to do is to write to me, enclosing a stamped addressed envelope and I will send you your own special Code Chart.

From time to time I will publish a secret message on this news page and you will then be able to decode it for yourself. Also you can use the code when writing to your pen-friends.

You will remember me telling you about how I took some money from a special fund to the residential school for handicapped children at Taunton. Well, I've heard from the Headmaster who tells me that they have purchased a full-sized snooker table. Most of the boys and girls in the school can play snooker but they learn on a small table and only play on the big one when they have passed a test.

Last year at the special games for the disabled at Stoke Mandeville some of the pupils entered the Junior Section of the All-England Snooker Championship for the Handicapped and one of them, Dawn Froud who is 14 won in the Girls "Standing Players" section. Amanda Pickersgill, aged 15, plays from her wheelchair and she is now the Junior "Seated" champion. Both girls are, of course, members of the Boppo Club and we are very proud of them.

That's all for this time.

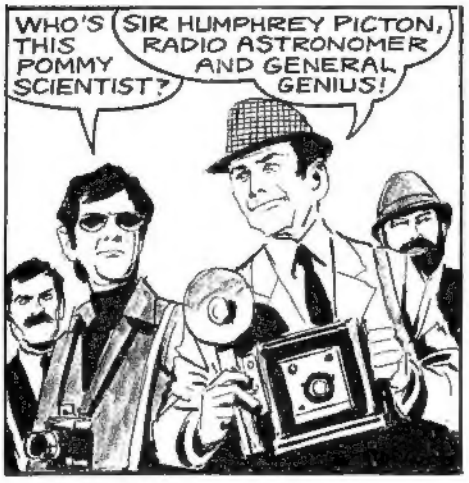
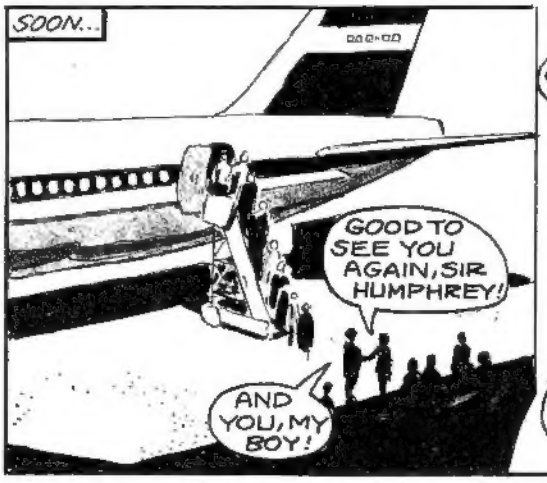
DR WHO

IS ANYONE THERE?

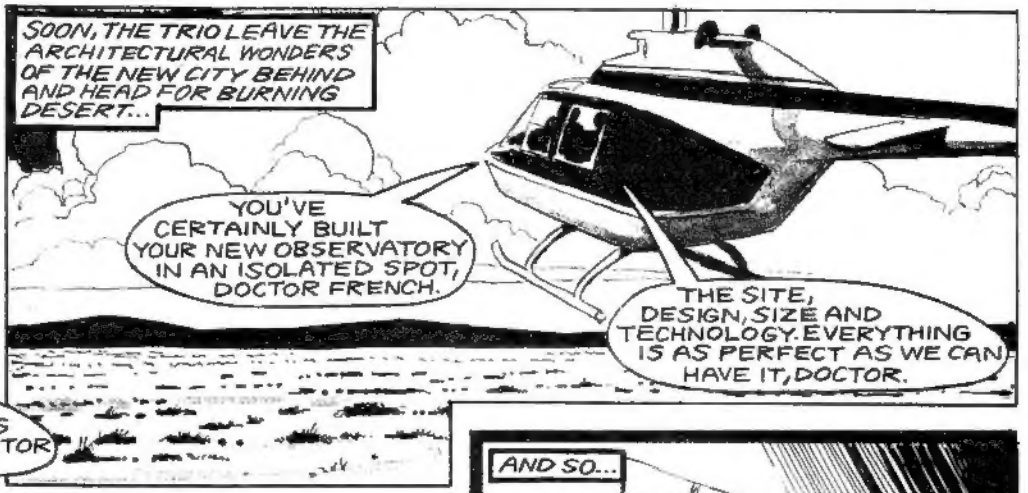
AT the international airport of Menzies, Australia's new interior capital built to open up the country's massive desert areas, officials await the arrival of a V.I.P. . . .



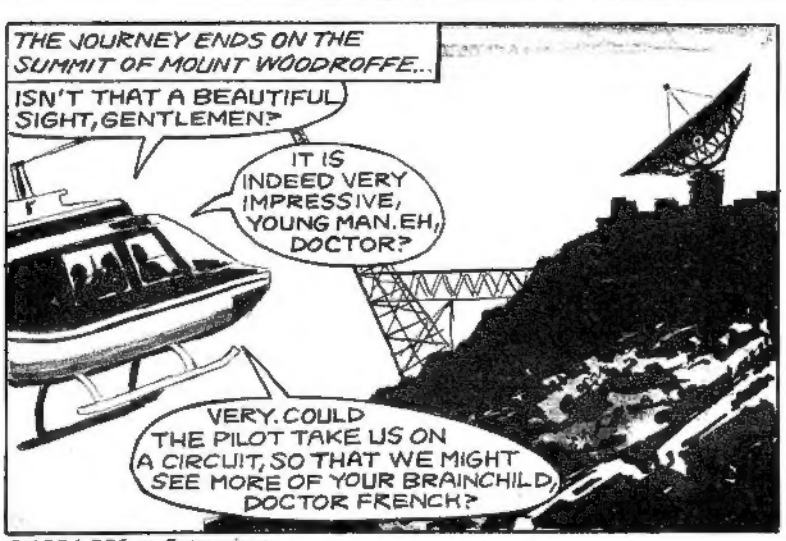


STATION ORION IS REALLY SOMETHING.
I ALWAYS KNEW THAT MY STAR PUPIL WOULD END UP WITH A BIG PROJECT. THAT'S WHY I BROUGHT ALONG SOMEONE EXTRA-SPECIAL TO VIEW IT WITH ME.

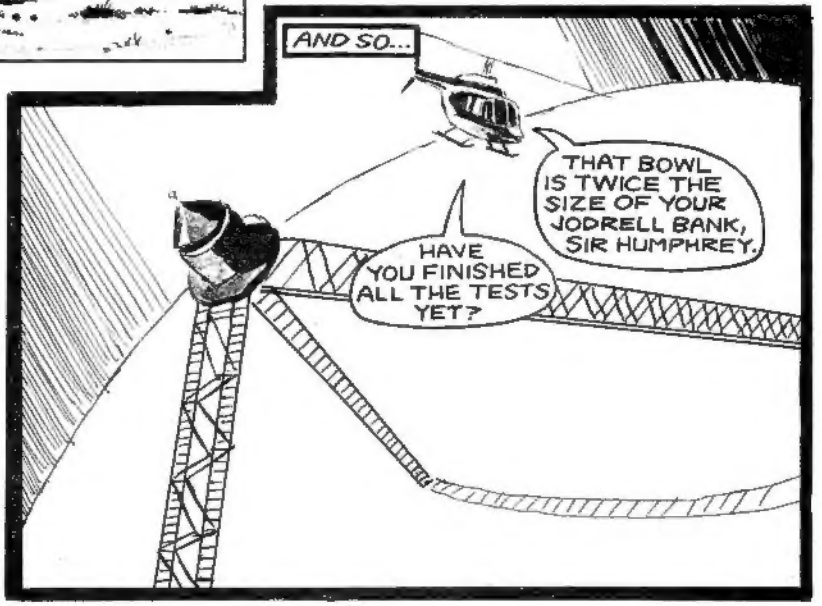
ANY FRIEND OF MY OLD TUTOR IS WELCOME, DOCTOR. WHEN DO YOU WANT TO GO OUT TO THE STATION?
THERE'S NO TIME LIKE THE PRESENT, AS FAR AS I'M CONCERNED, DOCTOR FRENCH.



SOON, THE TRIO LEAVE THE ARCHITECTURAL WONDERS OF THE NEW CITY BEHIND AND HEAD FOR BURNING DESERT...
YOU'VE CERTAINLY BUILT YOUR NEW OBSERVATORY IN AN ISOLATED SPOT, DOCTOR FRENCH.
THE SITE, DESIGN, SIZE AND TECHNOLOGY. EVERYTHING IS AS PERFECT AS WE CAN HAVE IT, DOCTOR.



THE JOURNEY ENDS ON THE SUMMIT OF MOUNT WOODROFFE..
ISN'T THAT A BEAUTIFUL SIGHT, GENTLEMEN?
IT IS INDEED VERY IMPRESSIVE, YOUNG MAN. EH, DOCTOR?
VERY. COULD THE PILOT TAKE US ON A CIRCUIT, SO THAT WE MIGHT SEE MORE OF YOUR BRAINCHILD, DOCTOR FRENCH?



© 1974 BBC tv Enterprises.

ONE OR TWO MINOR PROBLEMS BUT SHE'LL BE READY FOR THE BIG DAY, SIR HUMPHREY.
EXCELLENT! I CAN'T WAIT TO SEE WHAT YOU'VE MADE OF MY THEORY.
NEITHER CAN I. BUT HOW CAN YOU TELL A MAN IGNORANT OF DEEP SPACE THAT HIS INNOCENT ENDEAVOUR COULD PROVE DISASTROUS!
AS THE HELICOPTER CONTINUES ITS CIRCULAR COURSE...
THERE YOU ARE, SIR HUMPHREY. THAT'S THE AERIAL TO YOUR RADIO WAVE ACCELERATOR.
IT'S MAGNIFICENT! WHAT SAY YOU, DOCTOR? ISN'T THAT A FEAT OF MODERN ENGINEERING?
THE GUESTS FINALLY COMPLETE THEIR CONDUCTED TOUR...
WITH A STATION LIKE THIS, DOCTOR FRENCH, AUSTRALIA WILL LEAD THE WORLD IN RADIO ASTRONOMY, EH, DOCTOR?
IT LOOKS HIGHLY EFFICIENT. HAS IT PASSED ITS INITIAL TESTS YET?
YES, DOCTOR. WE'VE SHOT OUT ONE OR TWO PRELIMINARY SIGNALS AND SHE WORKS LIKE A DREAM.
I DON'T KNOW ABOUT LEAD THE WORLD IN ANYTHING, SIR HUMPHREY!
IN MY OPINION, DOCTOR FRENCH, YOU COULD VERY WELL LEAD THE WORLD INTO DISASTER!
WHAT ARE YOU SAYING?
YOU MUST EXCUSE THE DOCTOR, LOUIS. WE HAVE BEEN TRAVELLING FOR SOME HOURS, YOU UNDERSTAND.
JUST THIS. TO SEND ACCELERATED RADIO PULSES INTO DEEP SPACE COULD NOT ONLY BE DANGEROUS TO OTHER CULTURES, IT MIGHT ALSO ATTRACT THE WRONG ATTENTION.
SO THEY THINK I AM AFFECTED BY MERE AERO TRAVEL. WHAT'S THE USE? THIS HAS TO BE STOPPED ANOTHER WAY.
AND IN THE STATION ORION SECURITY OFFICE...
KEEP AN EYE ON THAT POMMY DOCTOR WITH SIR HUMPHREY, MAJOR. I HAVE A NASTY IDEA THAT HE MIGHT BE SOME KIND OF NUTCASE.
SHORTLY...
YOU SET THE CAT AMONG THE PIGEONS, DOCTOR. A GOOD NIGHT'S SLEEP WILL PUT THINGS IN PERSPECTIVE AGAIN.
THERE'S NONE SO BLIND TO THE TRUTH AS A SCIENTIST FLATTERED BY THE PROOF OF HIS LIFE WORK!
LEFT ALONE THE DOCTOR MAKES A DECISION...
IF THEY WON'T LISTEN TO REASON, I MUST HOLD THINGS UP UNTIL I HAVE MORE TIME TO PERSUADE THEM!
LEAVE IT TO ME, DOC.
